

# 1 MILLION FIRECRACKERS SET OFF AT THE SAME TIME

That pollution

So much pollution

pollution

People talk about pollution... come to my bedroom when I have hangover and I'll fart you the real pollution.

We can die because of that pollution.

only these types of person makes the air pollutant

So bad Pollution on Earth

Say goodbye to the ozone layer

Instead of making this useless sparks, should have planted trees to fight against Global Warming

Pollution but super baad of smoke dust partikles

Very air pollution is there

Pollution causes more than million death worldwide

They r polluting very nicl.y

Just waste of time and it cause pollution

Don't harm the environment and don't waste your money

air pollution

It's air pollution

Unlike for pollution

I wish that one day our earth will become a better place for our lives.

this is why the called "smoking kills"

How much air pollution

Only uneducated can do this..

And now we know why the air is bad there

Me after Taco Bell

well... some people know how to burn money

the smell must have been great

And this air pollution can kill more than 50 birds in sky

Awesome

Epic

Pollution level is above 9000

Mad people this pollution take the life of 400 people

waste money

No wonder they have pollution problems

Superb.. Only your type of people can do this type of pollution

People, with the air pollution comments already. Give it a rest! One Diesel engine running all out, bellowing out black hydrocarbons is 100 times worse than this. This is the same amount of smoke from 3 lighting strikes burning down trees. The people complaining about cleaning it up has a more valid concern than you do.

Look at pollution guise

air pollution this is not fear

shame

blast

This is one of those 'Well it looked like a great idea on paper' moments.

Machine gun their ass

Chinese lunar new year exploding!!! and that's pollution!!!!

Feel bad for whoever has to clean that up

So they wanted to burn down their town?

this guys should get a medal for such a nature friendly experiment

Look what you have done!!!

The world is soon going to be end

i love pollution

Wow... These guys know how to celebrate !

Now we need volunteers to clean up!

These assholes creating Ozone Holes

air and sound pollution

That's just not the right place to burn this much of crackers surroundings could have easily caught fire.

That fire was huge...that could be a huge accident because of the wires up there...do these type of things in open Field guys

Superb

Hypocrites talking about pollution; that's the way to do things

Sounds like heavy rain.

A fine vape

excellent fire works

Only pollution

it seems so small for a million

They dont have brain do much pollution

Awesome

I bet the health and safety brigade would have a heart attack

Arrest them!

I kinda see fireworks like hamburgers. Not really healthy, but unless we're doing it every single day, it's not too big an issue.

Don't kill our mother nature.

awesome

Ediots

Whoever has done this has contributed in disseminating pollution

Great unique

Causing global warming

Every country should ban manufacturing fire crackers or should impose some strict rules and limits.

Amazing! Amazing!  
Amazing!

West of money .....

It cause pollution

supar

what a nonsense man.  
he does not know how  
much noise and air pollu-  
tion occurs.

i don't think it is a proper  
place for this experiment  
you should have to do it on  
open place or in any play-  
ground if it catch the fire  
through electric wire and  
then ? you know the result  
what will happen

palution

Psycho

Idiots, fire under power lines!

RIP Ozone Layer

This was to be done!

Awesome

Just listen to a jet engine,  
they both sound the same

Money waste n pollution..  
But excited for eyes

• Bravo!

Very very very beautiful

Ear rape

volcanoes give more pollu-  
tion than this and  
nobody care tf

New festival pollution he  
pollution

That sound is the sound  
of the lion dance

That's dumb, should have  
stretched it for miles..lame..

Only Pollution

Only Pollution

Lovely

... WOW ...

IL CIELO È  
IL NOSTRO  
PALCOSCENICO
